Additional Internet Terms and Conditions. Customer may be required to agree to a one year subscription at the monthly rates indicated on Customer's Service Order. In consideration of the one year subscription STRATA NETWORKS may waive the installation fee. Early termination of the Internet Service is subject to an early termination fee in the amount of \$150, including the following; the disconnecting of phone service for any reason, including non payment, improper computer equipment not ready for Internet Service, any move and change to where Internet Service is not available.

A month to month subscription is available if Customer agrees to pay a non-refundable installation fee of One Hundred and Fifty Dollars (\$150). The service may be terminated at any time without any termination fee.

Changes to service. During the term of this agreement, the Customer may choose to change their Internet speed. A change fee will be required to implement the change. A move of service from the address set forth in this agreement will be considered a disconnect and installation charges and charges for new service will apply, as well as any applicable early termination fee.

Payment. Customer will be billed monthly for the applicable monthly recurring charges for the selected Internet Service. Customer will pay the customer fee, installation fee and the cost for equipment upon the signing of this agreement. All other fees will be paid when incurred. Monthly service charges are due and payable upon receipt of the invoice. Any payments not received by STRATA NETWORKS within 30 days of the invoice date will accrue interest at the rate of 12% per annum. Title to equipment purchased from STRATA NETWORKS shall pass to Customer upon payment in full of the sales price, including all applicable taxes. Customer agrees to assess its own need for protective measures, and implement where necessary, whether under professional advice or not, including, but not limited to, voltage spike protection, sufficient and adequate grounding as per the National Electric Code, computer equipment insurance, virus detection and elimination software, security and system administration policies, and to obtain such protection as it sees fit and not to make any claims against STRATA NETWORKS, its users or faculty, for the loss or damage to their equipment or data.

STRATA NETWORKS will install Internet Service to the modem at the Customer's premises at the Customer's request, for an additional charge as set forth on the attached schedule. If requested STRATA NETWORKS may, at its sole discretion, provide inside wiring and jack work. Customer will be responsible for the charges from STRATA NETWORKS for those services.

In the event a Customer installs a network utilizing a STRATA NETWORKS provided modem, it is with the understanding that STRATA NETWORKS is not responsible for any problems that may occur. STRATA NETWORKS will not dispatch a technician to the Customer's location to resolve any network-related problems, without additional charges being incurred and paid by Customer.

Installation dates and times will be determined and communicated to the Customer. If a technician is on site at the date and time set for the installation and Customer is not present, Customer will be charged a "no show" fee and rescheduling may result in a delay of service.

STRATA NETWORKS will not work on, or open any personal computers. Any equipment purchased from STRATA NETWORKS becomes Customer Premises Equipment (CPE).

Service delivery. STRATA NETWORKS will provide the Internet connection speed or "sync-rate" set forth in this agreement between Customer's location and STRATA NETWORKS' central office. Actual data transmission or throughput may be lower than sync-rate due to Internet congestion, server or router speeds, protocol overheads, and other factors which cannot be controlled by STRATA NETWORKS.

Service calls. If STRATA NETWORKS is called to the Customer's site and it is determined that the problem is other than the Internet Service and/or the Internet interface, a service fee will be incurred and paid by Customer.

Delay. STRATA NETWORKS WILL NOT BE LIABLE FOR ANY DELAY IN THE DELIVERY OR INSTALLATION OF INTERNET OR FOR ANY DAMAGES SUFFERED BY CUSTOMER BY REASON OF SUCH DELAY IF SUCH DELAY IS DIRECTLY OR INDIRECTLY CAUSED BY, OR ANY MANNER ARISES FROM TRANSPORTATION DELAYS OR ANY OTHER CAUSE BEYOND STRATA NETWORKS' CONTROL.

STRATA NETWORKS reserves the right to correct the price for Service if you have received pricing for which you do not qualify. You agree not to resell wireless airtime provided to you to any other individual or entity unless you do so pursuant to STRATA NETWORKS' reseller program.

Worry-free guarantee. You have the option to change to another wireless plan of equal or higher value at any time without penalty. Contract extension and/or renewal may apply. You may become eligible to take advantage of equipment upgrades at promotional pricing; however, promotional offers may require an extension of your customer agreement. We provide a 15-day satisfaction guarantee on any product you buy from STRATA NETWORKS. You pay only for the Service you've used. You will be responsible for all applicable fees, pro-rated access charges, taxes or other charges that accrued to your account through the termination date and equipment return date. You must return the original box intact with all components (phone, charger, battery, instructions, etc.). All components must be in like-new condition. Wireless phone returns must have less than thirty (30) minutes of usage. All returns must be accompanied by the original receipt and will only be granted to the actual purchaser whose name appears on the receipt. At our discretion, we may decline your return or charge you a fee for missing items or items that we determine are damaged or require service. If you return and we accept your equipment within this period, we will refund your equipment purchase price. However, there may be a 20% restocking fee. Disclaimer of Warranties/Limitation of liability. STRATA NETWORKS IS NOT THE PHONE MANUFACTURER; THEREFORE, ANY DISCREPANCIES ARE HANDLED BY YOUR PHONE'S MANUFACTURER. PHONES OR COMPONENTS WILL NOT BE REPLACED WHEN DAMAGE OCCURS DUE TO ABUSE OR NEGLIGENCE. YOU UNDERSTAND THAT THE ABILITY TO PLACE A WIRELESS CALL, INCLUDING A 911 CALL, MAY BE SUBJECT TO LIMITATIONS OF COVERAGE AND NETWORK CAPACITY, AND THAT YOU SHOULD NOT RELY ON STRATA NETWORKS SERVICE AS YOUR ONLY MEANS OF COMMUNICATION IN EMERGENCY SITUATIONS. RAIN, SNOW, FOG, FALLING LEAVES, WATER, MOUNTAINS, CANYONS AND EVEN BUILDINGS MAY AFFECT SERVICE. ALL WIRELESS SERVICE IS SUBJECT TO "DEAD ZONES" OR NO-COVERAGE AREAS. STRATA NETWORKS CANNOT BE HELD LIABLE FOR INTERRUPTIONS IN SERVICE DUE TO EQUIPMENT FAILURE, EQUIPMENT OR FACILITY SHORTAGES, STRIKES, ACTS OF GOD OR OTHER CAUSES BEYOND STRATA NETWORKS' REASONABLE CONTROL. STRATA NETWORKS WILL NOT BE LIABLE FOR ANY OTHER COSTS, DELAYS, SPECIAL INCIDENTAL INJURIES OR CONSEQUENTIAL DAMAGES, PHYSICAL HARM OR ANY OTHER DAMAGE THAT MAY BE ALLEGED TO RESULT FROM THE USE OF THE EQUIPMENT OR SERVICE. TO THE MAXIMUM EXTENT PERMITTED BY LAW, YOU AND STRATA NETWORKS AGREE TO LIMIT CLAIMS FOR DAMAGES OR OTHER MONETARY RELIEF AGAINST EACH OTHER TO DIRECT DAMAGE, REGARDLESS OF THEORY OF LAW UNDER WHICH THE CLAIM IS RAISED. THIS MEANS THAT NEITHER YOU NOR STRATA NETWORKS WILL CLAIM OR SEEK TO RECOVER ANY INDIRECT, SPECIAL, CONSEQUENTIAL, TREBLE OR PUNITIVE DAMAGES FROM THE OTHER.

Calling Plan and Rates. Your calling plan determines your rates and charges, such as your monthly access fee, the number of minutes included in your monthly allowance, and the per-minute rate for additional minutes, as well as when roaming and long distance charges may apply. Your calling plan is a part of this Agreement.

Time of Your Call. Your calling plan may have different rates depending on whether you make and receive calls on weekdays, nights or weekends. Night time begins at 7 p.m., and ends at 6 a.m. on weekdays (Mountain Time). Weekends are all day Saturday and all day Sunday. Certain holidays qualify for weekend minutes.

Length of Your Call. Your calls are measured in full minutes. That means partial minutes are rounded up to the next full minute. For example, a 15-second call is billed as one full minute. Your calls will be billed from the time you press (SEND) until you press (END).

Network Support. STRATA NETWORKS retains the right to make updates or modifications to customer's handset parameters via OTA (over-the-air) programming without the customer's prior consent. This right may also be granted to third party vendors who work directly with STRATA NETWORKS in supporting and delivering wireless service to STRATA customers.

Airtime Allowance. Your calling plan may specify a set amount of included airtime minutes each month. If a device such as an answering machine or fax machine answers the incoming call automatically, the call may be considered completed and billable. Calls to 800 numbers are toll-free; however, you will be billed for airtime. STRATA NETWORKS customer service and technical support (611 SEND) and emergency calls (911 SEND), are toll- and airtime-free.

Roaming Charges. Your location when placing a call will affect whether roaming charges will apply. STRATA NETWORKS enables you to use your wireless phone across the United States in certain areas where we do not own a wireless network. The billing for any minutes used on these other carriers' networks may be delayed depending on when STRATA NETWORKS is billed by the other carriers. These minutes may be applied against your monthly airtime allowance or be charged as roaming as applicable in the month they appear on your bill and not during the month of usage. Automatic roaming may not be available in all areas, and rates may vary for calls placed while roaming. The accuracy of the roaming indicator on your phone cannot be guaranteed. Calls you place from within your home airtime rate and coverage area may be picked up outside the area if you place the call on or near the borders of the area. Also, a call placed within the home coverage area may be carried on another carrier's network from time to time. This may be due to network outages, number capacity overload, network coverage, environmental or other reasons and may result in additional charges, as if you were roaming outside your home airtime rate and coverage area. Seventy percent (70%) of your daytime minutes or data usage must be used within the STRATA NETWORKS home calling area. If over thirty percent (30%) of your package minutes or data usage occurs outside of the STRATA NETWORKS home calling area, STRATA NETWORKS reserves the right to change your package with thirty (30) days' notice.

Data Plans and Features. Data Plans and Features may ONLY be used with wireless devices for the following purposes: (i) Internet browsing; (ii) email; (iii) intranet access (including accessing corporate intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP). The Data Plans and Features MAY NOT be used for any other purpose. You may not use our Data Services for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, interferes with the network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications, including continuous Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections, or peer-to-peer (P2P) file-sharing applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail in (iii) below) or otherwise denigrate network capacity or functionality; (ii) as a substitute or backup for private lines or dedicated data connections; (iii) "auto-responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iv) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (v) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation or dissemination of viruses, malware, or "denial of service" attacks; (vi) accessing, or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate, Verizon Wireless' or another entity's network or systems; or (vii) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle, or "keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.

Data sessions automatically terminate after 12 hours of activity. Data session is inactive when no data is being transferred. Data session may seem inactive while data is actively being transferred to device, or may seem active when it is actually cached and not transferring data. Third party applications may automatically reinitiate data sessions without you pressing or clicking **SEND** or **CONNECT** button. You may be able to send or receive voice calls when your data session is inactive. When this occurs, charges apply simultaneously for voice calls in accordance with your Calling Plan. You are responsible for maintaining virus protection when accessing service.

You are responsible for all charges, including all data sent and received and “overhead” whether or not you or your recipients actually receive the data. Overhead is all data that is in addition to user-transmitted data, such as control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error. Any unused portion of the megabyte allowance is lost. Data overage and data roam charges vary by plan.

Unlimited Data Plans. The absolute capacity of the data network is limited; consequently, STRATA NETWORKS reserves the right to employ network management practices for the benefit of all data users. If you are an unlimited data plan customer, you agree that “unlimited” means you pay a fixed monthly charge for wireless data services regardless of how much data you use. You further agree that “unlimited” does not mean that you can use your data service in any way that you choose or for any prohibited activities referenced above, and that your use of your unlimited data plan in any manner that is prohibited, STRATA NETWORKS can limit, restrict, suspend or terminate your data services or switch you to a tiered data plan.

Cumulative Charges. On any call you make or receive, different kinds of charges may apply. Charges may also apply to two or more calls simultaneously if you use call waiting, call forwarding, three way calling, voicemail, or if you receive an incoming roaming call.

Government Taxes and Other Charges. You agree to pay all applicable federal, state and local government taxes, fees and surcharges. You also agree to pay charges that result directly or indirectly from government regulations or mandates, including without limitation, charges related to the universal service and implementation of local number portability. STRATA NETWORKS agrees to give you reasonable prior written notice if any such costs and/or charges are implemented after your service activation date.

Misuse or Fraudulent Use of Service. Service may be immediately discontinued in the event of any misuse of Service or any use which STRATA NETWORKS determines negatively affects its wireless systems or Customer’s use of service. You will be responsible to STRATA NETWORKS for any expenses incurred as a result of misuse or fraudulent use of Service. It is illegal for unauthorized people to intercept your calls. However, you should keep in mind while using your wireless phone that the phone transmits radio signals and that unauthorized interception of some or all of your call can occur.

Prevent Fraud. STRATA NETWORKS wants to protect your privacy and works hard to prevent unauthorized phone usage or fraud. STRATA NETWORKS recommends the following guidelines to help prevent fraud:

Report a lost or stolen phone to the police and STRATA NETWORKS immediately. Once you’ve notified us, we’ll suspend service for up to thirty (30) days from your notice to us, or until you replace or recover your wireless phone, whichever comes first. Until you notify us, you are still responsible for all charges to your wireless phone number.

Review your bill and report any suspicious calling activity. If we conclude that the calls are fraudulent, you will not be held responsible for the charges.

Have your phone serviced only at a STRATA NETWORKS authorized service center.

Billing. Your bill is our notice to you of your fees and charges and other important information. You should read everything you receive with your bill. Customer agrees to pay for all Services including airtime used by customer. You agree to pay for Service on or before the date the amount is due. You have the right to dispute charges on your bill, but you must notify us of the dispute within 90 days after the billing date. You still have to pay all charges on time until the dispute is resolved. You agree to promptly notify STRATA NETWORKS of any change in your billing address.

Late Payment/No Payment. Late payments will be charged interest on the amount due from the due date until the date paid. STRATA NETWORKS reserves the right to suspend and/or disconnect service on accounts more than 10 days past due. If a suspended account is reactivated, a \$100 security deposit (per phone) and reactivation fees may apply. When reactivating service, a credit application may be required. Should the account become delinquent and subject to collection action, you shall pay reasonable attorney’s fees, court costs, and a collection expense up to 40% of the principal owing. All accounts bear interest of 1.5% per month or 18% per annum.

Bankruptcy. If a petition for bankruptcy relief is filed by or against you, you agree to pay all post-petition charges. If at any time prior to assumption of this agreement by you, you default in making payment when due for post-petition charges, STRATA NETWORKS can immediately terminate this agreement or require a security deposit. If bankruptcy is filed and your account is not paid in full, account reactivation may require a new phone number, a new credit application and a \$100 security deposit (per phone).

Security Deposit. You may have been asked to leave a security deposit at the time you activated your wireless service. If you end your service with us and don’t owe us any money, we’ll refund your security deposit. In order to apply or refund your security deposit, we require that your account has been in current status for one full year. It may take several billing cycles to provide a refund. Amounts of less than five dollars will be refunded only upon request. Security deposits paid by credit card will be given to customer as a final refund by check, which may take up to 4-6 weeks to process.

Service Plan Term. For customers who are on a two (2) year contract, if at any time within the period of two (2) years from the date of this Agreement you disconnect or fail to make monthly payment and are disconnected, in addition to monies owing for Services, you agree to pay to STRATA NETWORKS a disconnect fee of \$200 per phone or \$350 per smart phone. If you agree to maintain service for a two (2) year contract term, upon expiration of the contract term, this agreement will automatically continue on a month-to-month basis unless you contact us to inform us of any changes, including cancellation. If there is no minimum contract term associated with the service plan you elect, this agreement will apply and automatically continue on a month-to-month basis unless you contact us to inform us of any changes, including cancellation.

Ownership of Equipment. STRATA NETWORKS maintains ownership of equipment (wireless phones) which have been discounted for purchase, or which are part of a rebate included with your one (1) year contract or two (2) year contract. If a customer disconnects Service, they own the equipment only after the disconnect fee and the account are paid in full. SPC codes may only be removed from a customer's phone if the phone is no longer in contract and the account is paid in full. There will be a \$100 charge associated with the removal of a SPC code. From time to time, for as long as you remain a STRATA NETWORKS Customer, STRATA NETWORKS may update or reprogram the software contained in your phone. This process may be conducted over the air without notice.

Your Telephone Number. You do not have any rights to any personal identification number, e-mail address or any other identifier STRATA NETWORKS may assign you. This also applies to your telephone number. In certain cases, if you elect to terminate Service from STRATA NETWORKS, you may be able to take your telephone number with you to another carrier. You may or may not be able to use your current wireless telephone on the new carrier's network. If you wish to take your phone number with you when switching to another carrier, do NOT deactivate your number. Once a telephone number has been deactivated, it can no longer be moved to another carrier. Instead, before canceling your STRATA NETWORKS service, have your new service provider advise STRATA NETWORKS of your desire to take your phone number with you. Numbers moved to another carrier before the end of the minimum service term will be treated as an early termination of your Service Agreement and early cancellation charges may apply. You are still responsible for all charges incurred under this Agreement even if you choose to take your phone number to another carrier.

The STRATA NETWORKS system employs Caller ID. STRATA NETWORKS will advise any party that you call of the telephone number that originated the call. If you do not wish for your telephone number to be displayed, you must dial "*67" before placing your call, or by ordering per line call blocking (dialing "*63" before placing a call unblocks the number for that call). You cannot block Caller ID on certain numbers, such as those to 911 and those placed to "toll free" numbers. If your Calling Plan includes Caller ID and you have a compatible wireless telephone, STRATA NETWORKS will display the number that placed the call to you. STRATA NETWORKS' ability to display this number is a function of whether the information on the calling party has been provided to STRATA NETWORKS' network. Not all calls will include information needed to enable STRATA NETWORKS to display the calling party's telephone number.

The Location of Your Telephone. Many handsets are capable of providing STRATA NETWORKS with information as to the location of the handset when a telephone call is initiated. While the accuracy of this location determination varies from call to call as a function of conditions at the time and place of making the call, STRATA NETWORKS will disclose the location of your telephone, based upon information reported by the phone, to emergency personnel anytime you place a call to "911." Not all 911 answering points are capable of processing caller location information and not all handsets are capable of providing locational information to the STRATA NETWORKS network. Consult your telephone owner's manual or contact STRATA NETWORKS to determine whether your wireless telephone is capable of providing locational information which the STRATA NETWORKS network can pass along to emergency personnel.

Miscellaneous. This Agreement supersedes any proposal or prior agreement, oral or written. You acknowledge that no STRATA NETWORKS supplier, employee or agent is authorized to make any representation or warranty with respect to this Agreement, or to waive or alter any provision of this Agreement. If STRATA NETWORKS waives or fails to uphold any provision of this Agreement, it shall not be construed as waiving any other provision.

You understand that your information may be used for marketing purposes within STRATA NETWORK and subsidiary companies only. We may also monitor or record our calls with you for training or quality assurance purposes.

Some features require the use of compatible handsets in order to function properly.

You represent that you are at least 18 years of age and have the legal capacity to accept this Agreement. If you're ordering for a company, you're representing that you're authorized to bind it, and where the context required, "you" means the company. You certify that the information you have provided to STRATA NETWORKS is correct to the best of your knowledge.

The name(s) on the Customer Service Order Agreement are the only authorized name(s) to make calling plan changes or billing inquiries. STRATA NETWORKS will use the address specified on the Customer Service Order Agreement for any notices which it may send to you until such time as you provide STRATA NETWORKS with a different address, to use for such purpose, in writing.

The wireless service provided pursuant to this Agreement are for individual use only and not for resale. We reserve the right to protect our network from harm, which may impact legitimate data flows. We reserve the right to limit throughput or amount of data transferred, and to deny or terminate service, without notice; to anyone we believe is using a Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels.
